ANNUAL REPORT

Year 2017 -2018

Vision

To provide value based and affordable education and empower the students with sense of discovery and confidence for success in the globalized professional environment.

Vice Chancellor Message

Dear Prospective Students,

We are the flagship campus one of the most prestigious professional education groups of the north region, the Rayat-Bahra. As such we have a dual responsibility—one, that of setting benchmark standards for the group and second, of meeting and exceeding our own standards. We have the complete and clear support and mandate of the management in fulfilling both these purposes.

Due to considerable number of tie-ups with automotive and industry giants a lot of big brands have a permanent presence on the campus. These give an exclusive exposure to the students to actual work conditions. They are our assets that help learn and grow the enterprising and the talented. Looking beyond the campus boundaries, we marvel at our excellent institutional and corporate linkages. We remain in a dynamic mode to bring along new technologies and expertise to the campus by the way of these connects. All our competencies taken together make us a formidable knowledge centre.

I welcome you to avail all these facilities and then put right career step forward.

My best wishes to you and your parents.

Vice-Chancellor,
Prof. (Dr.) Raj Singh

Rayat-Bahra University, Mohali on 9th -10th August, 2018 conducted an Technovirsa programme

TECHNO VIRSA 2018

Techno Virsa 2018, a two-day technical and cultural festival, took off to a grand start on the Rayat Bahra University campus on Wednesday. A large number of students from different colleges are participating in it. Nirmal Singh Rayat, president of the Rayat Bahra Group of Institutions (RBGI), was the chief guest on the occasion. He said the role of such tech-fests were enormous since they broaden the knowledge base of budding technocrats. He said since technology was evolving at a very fast pace, if budding technocrats and professionals did not keep themselves abreast of the latest in their fields, they could not make a place for themselves in this fast-changing competitive world. Gurvinder Singh Bahra, chairman of the Rayat Bahra Group of Institutions, said the aim of the event was to inculcate ingenuity and innovative abilities among students and encourage them to explore the world beyond textbooks. In the technical session of the opening day, projects prepared by the students were put on display and the judges would assess the performance of the participating students.
